Issue 1 published 17 February 1995

Issue 2 published 22 June 1995

Issue 3 published 18 October 1995

Issue 4 published 8 December 1995

Afzelius BA → Dallai R

Balsamo M → Ferraguti M

Bartolomaeus T: Structure and formation of the uncini in *Pectinaria koreni*, *Pectinaria auricoma* (Terebellida) and *Spirorbis spirorbis* (Sabellida): implications for annelid phylogeny and the position of the Pogonophora 161

Billen J → Schoeters E

Blumer MJF: The ciliary photoreceptor in the teleplanic veliger larvae of *Smaragdia* sp. and *Strombus* sp. (Mollusca, Gastropoda) 73

Blumer MJF, Salvini-Plawen L v, Kikinger R, Büchinger T: Ocelli in a Cnidaria polyp: the ultrastructure of the pigment spots in *Stylocoronella riedli* (Scyphozoa, Stauromedusae) 221

Büchinger T → Blumer MJF

Cicero JM, Hiebert E, Webb SE: The alimentary canal of *Bemisia tabaci* and *Trialeurodes abutilonea* (Homoptera, Sternorrhynchi): histology, ultrastructure and correlations to function 31

Dallai R, Lupetti P, Afzelius BA, Mamaev B: Characteristics of the sperm flagellum in fungus gnats (Insecta, Diptera, Mycetophiloidea) 213

Ding Z → Purschke G

Ehlers U → Sopott-Ehlers B

Eibye-Jacobsen D → Kristensen RM

Ferraguti M, Balsamo M, Fregni E: The spermatozoa of three species of Xenotrichulidae (Gastrotricha, Chaetonotida): the two „dünne Nebengeißeln“ of spermatozoa in *Heteroxenotrichula squamosa* are peculiar para-acrosomal bodies 151

Fregni E → Ferraguti M

Frenkiel L, Mouëza M: Gill ultrastructure and symbiotic bacteria in *Codakia orbicularis* (Bivalvia, Lucinidae) 51

Gustafsson MKS → Reuter M

Halton DW → Reuter M

Heckmann R → Kutsch W

Heckmann R, Kutsch W: Motor supply of the dorsal longitudinal muscles, II: comparison of motoneurone sets in Tracheata 197

Hiebert E → Cicero JM

Kikinger R → Blumer MJF

Klein C → Wolf KW

Kristensen RM, Eibye-Jacobsen D: Ultrastructure of spermiogenesis and spermatozoa in *Diurodrilus subterraneus* (Polychaeta, Diurodrilidae) 117

Kutsch W → Heckmann R

Kutsch W → Steffens GR

Kutsch W, Heckmann R: Motor supply of the dorsal longitudinal muscles, I: homonymy and ontogeny of the motoneurons in locusts (Insecta, Caelifera) 179

Lemburg C: Ultrastructure of the introvert and associated structures of the larvae of *Halicryptus spinulosus* (Priapulida) 11

Lupetti P → Dallai R

Lüter C: Ultrastructure of the metanephridia of *Terebratulina reusa* and *Crania anomala* (Brachiopoda) 99

Mamaev B → Dallai R

Maule AG → Reuter M

Mouëza M → Frenkiel L

Müller MC → Purschke G

Peters HM: *Polenecia producta* and its web: structure and evolution (Araneae, Uloboridae) 1

Purschke G, Ding Z, Müller MC: Ultrastructural differences as a taxonomic marker: the segmental ocelli of *Polyophthalmus pictus* and *Polyophthalmus qingdaoensis* sp.n. (Polychaeta, Opheliidae) 229

Reuter M, Maule AG, Halton DW, Gustafsson MKS, Shaw C: The organization of the nervous system in Plathelminthes. The neuropeptide F-immunoreactive pattern in Catenulida, Macrostomida, Proseriata 83

Salvini-Plawen L v → Blumer MJF

Schoeters E, Billen J: Morphology and ultrastructure of a secretory region enclosed by the venom reservoir in social wasps (Insecta, Hymenoptera) 63

Shaw C → Reuter M

Sopott-Ehlers B, Ehlers U: Modified sperm ultrastructure and some data on spermiogenesis in *Provortex tubiferus* (Plathelminthes, Rhabdocoela): phylogenetic implications for the Dalyellioida 41

Steffens GR, Kutsch W: Homonomies within the ventral muscle system and the associated motoneurons in the locust, *Schistocerca gregaria* (Insecta, Caelifera) 133

Webb SE → Cicero JM

Wolf KW, Klein C: Development of the sperm head in the caddis fly *Potamophylax rotundipennis* (Insecta, Trichoptera) 109
